

GYWDIR FIELD DAY

FRIDAY 14TH FEBRUARY 2020

TECHNOLOGY AND INNOVATION FOR THE FUTURE

The Gwydir Cotton Growers Association would like to invite you to join us for the 2020 Gwydir Field Day. The field day will provide everyone an opportunity to look at some new and innovative technologies including the CSD variety trials, XtendFlex, a machine vision app for insect management and the canopy temperature sensor. There will be discussion on the impact of temperature and climate on cotton production as well as an update from the CSIRO breeding team.

AGENDA

Time	Site	Presenter
9:30	Buses leave Moree Racecourse	Buses Sponsored by CSD
10:00	Buses arrive Red Mill Variety trial	Morning tea sponsored by Gwydir CGA
Red Mill CSD Variety Trial		
10:00	Welcome	
10:15	CSD variety trial	Alice Curkpatrick - CSD
10:30	Impact of climate on cotton production	Katie Broughton - CSIRO
10:45	Heat stress management through Irrigation	Mike Stone - ICMS
11:00	Time to look through the trial	
11:30	Buses leave for Carole	
Carole canopy temperature and Xtendflex trial sites		
12:00	Canopy temperature sensors	Hizbullah Jamali and Chris Nunn - CSIRO
	• Spatial variability in plant stress	
	• Effect of picker compaction on plant stress and yield	
12:20	Machine vision app for automated cotton insect counting	Derek Long - USQ
12:45	Lunch sponsored by Bayer	
1:30	Bayer XtendFlex demonstration	Thomas Luff – Bayer Crop Science
2:00	CSIRO breeding team	Warren Conaty and Warwick Stiller - CSIRO
2:30	Buses return to Moree racecourse	

Thank You to all our sponsors who have made today possible.
Thank You to our host farms whose commitment to trials
is invaluable to our industry.
